

# Hosanna

For 10 years we were like Santa Clause ... we sent presents, and rumor had it that we existed, but our family members rarely saw us.

That changed in 2006. We've seen our families, especially the ones who live in Florida, more this year than ever before. It has come at a good time now that we're stable with seven nephews, two nieces, three sisters, three brothers-in-law, four parents, and one grandparent. Here are some pictures so you can see how we've all changed.

Merry Christmas,

Annette & Tim

P.S. If in the midst of the press of December's activities you think of us, we appreciate your specific prayer for decisions regarding the distribution of the *Pastoring Youth* textbook and animated classes. We're talking with two publishing houses and a "distributed" seminary, but need wisdom to know what will end up being the best for youth leaders around the continent.
